Profile

I'm a creative Penetration Tester who is confident , honest and loyal.

I'm an experienced System Administrator who loves to learn new things, work with a cool team and solve problems

Professional Experience

Amnafzar Apadana, Pentester [📄](#)

07/2020 – present | Yazd, Iran

As a Pentester I do penetration testing on :

Web Applications
Mobile Applications
Network services/protocols

we find weaknesses and exploit them to demonstrate how bad guys can do such.

I'm doing my best at Apadana to find bugs in platforms.

Hope to have a safer world

Maralhost, System Administrator [📄](#)

2019 – present | Isfahan, Iran

as a sysadmin I configure services on the servers such as :

web (litespeed , nginx , apache)
database (mariadb , sql server)
Email : (Exim)
Dns : (bind)

I keep the services secure , I do pentest on my managed web portals to make sure they are safe , I guarantee high availability by various methods on my network and managed servers .

Education

Esfahan Technical and Vocational College (Mohajer), Computer Science

2017 – 2019 | Isfahan, Iran

Interests

Penetration Testing

Web application penetration testing
